STATE-WIDE HIGHER EDUCATION PARTNERSHIP LAUNCHES FIVE-YEAR STRATEGIC PLAN

*Will guide Indiana Campus Compact into its twenty-fifth anniversary
as they prepares college students to advance the public
good in their communities.*

The plan to Increase [Indiana Higher Education's Collective Impact on Communities](#) presents a strategy that ties together a clear mission with clear goals and performance measures. The plan envisions Indiana Campus Compact as a national exemplar by equipping every student in every institution with the competence, confidence, humility, and experience to be well-informed, engaged citizens.

Indiana Campus Compact Board of Directors Chair and President of Valparaiso University Mark Heckler says, "The plan keeps us rooted in our history, but prepares us for life in a 21st century society. As our revised mission suggests, we will work as a partnership of campuses throughout the state of Indiana to advocate, implement, and improve service engagement so that our students graduate as well-informed, engaged, and productive members of society who are fully enabled to provide leadership and service that advances the public good in their communities—well beyond 2020. "

Formed in 1993, Indiana Campus Compact is a partnership of college and university presidents and chancellors who have committed themselves and their institutions to their communities through mutually beneficial and meaningful collaborations to create engaged citizens and vibrant communities. Indiana Campus Compact is the only organization in the state that works with public, independent, and two-year institutions of higher education.

Indiana Campus Compact invests in its partner campuses through training, grants, and the professional network it provides for faculty, staff, and students. Through that support, Indiana campuses partner with community agencies to make a difference for tens of thousands of community members each year.

About Indiana Campus Compact

Indiana Campus Compact (ICC) is a partnership of Indiana's public, private, and community college higher education institutions focused on advocating, implementing, and improving service engagement, so that students graduate as well-informed, engaged and productive members of society, who are fully enabled to provide leadership and service that advances the public good in their communities.
