Service Engagement Grants (SE)

The Service Engagement Grant program supports student, professional staff, or faculty projects that establish service engagement as a core component. Service Engagement Grant projects should support reciprocal partnerships between institutions of higher education and the community, strengthen student learning, increase the institutionalization of service-based engaged learning, and enhance the development of students, professional staff, and faculty.

Projects must focus on one of three following areas:

- The Scholarship of Engagement (SOE) – for service learning course development, service learning research, or professional service with a local community agency.
- Student Community Service (SCS) – for individual student or student group projects with the community, such as plunge experiences or national Days of Service events (ex: 9/11, MLK Day, Cesar Chavez Day, Earth Day).
- Listening to Communities Meetings (LTC) – for campus and community dialogues to develop implementation strategies for an engaged campus and community through reciprocal and sustainable partnerships.

Conference Registration Scholarship (CRS)

The Conference Registration Scholarship supports student, professional staff, or faculty by offsetting the cost of registration fees associated with presenting at scholarly conferences. The presentation must relate to the Indiana Campus Compact's mission to support higher education's effort to develop students into well-informed, engaged citizens and to serve as a catalyst for campuses and communities to improve people's lives through service-learning and civic engagement initiatives. Preference will be given to proposals that are direct result of an Indiana Campus Compact sponsored event or grant funding.

Social Innovation Microlending Program

The Social Innovation Microlending Program, in partnership with Bankable (on behalf of the Indiana Small Business Administration), provides an opportunity for college student and alumni social entrepreneurs to obtain a loan to start a social venture.

The Engaged Campus Grants (EC)

The Engaged Campus Grants support the embedment of service engagement into campus culture; applicants may choose one of two institutionalization projects:

- The Engaged Department Grant – Individual departments may apply for these funds to develop and/or strengthen their support for service engagement. Awardees will spend 31 months developing or strengthening support for faculty and staff efforts in and with the community, revising policies and systems to reward faculty for their engagement work, adopting sustainable department to community partnerships, and/or elevating departmental changes in such a manner to be a role model for other departments both on your own campus and on other campuses.
- Enhancing Service Engagement Collaboration Grant – Institutions may apply for these funds to support the holistic implementation of service engagement through Academic and Student Affairs partnerships. Awardees will spend 31 months collaborating on the development and/or strengthening of campus-wide service engagement institutionalization efforts.

Faculty Fellows Program (FF)

The Indiana Campus Compact Faculty Fellows program is a year-long learning community experience. Selected individuals will serve a one-year term as part of a cohort with other engaged scholars from Indiana Campus Compact partner campuses. The program serves as a faculty professional development model to support the integration of service learning and community engagement into the three components of faculty development: teaching, research, and service.
