

STRENGTHENING COMMUNITIES

July 2019 – June 2022 Request for Proposals

Overview and Program Goals

The Indiana Campus Compact **Strengthening Communities** grant supports a wide range of community engagement experiences from episodic place-based projects to regional Indiana-based plunge experiences, to short-term on-going co-curricular community engagement activities, to training and advocacy initiatives addressing systemic community issues. Project are to be designed in such a way that participants are able to further develop a deeper understanding of civic learning and democratic engagement, including the skills and concepts necessary to implement such activities and develop into future civic leaders and civic minded professionals. Additionally, projects should seek to further the development of high-quality community-campus partnerships in which all partners are able to transcend self-interest as a means of seeking mutual benefit and embracing what Enos and Morton (2003) describe as a “larger definition of community” (p. 25).

The overall goals of the program include:

1. Implementation of place-based experiences designed to support the development of college students at Indiana Campus Compact partner institutions into the next generation of civic leaders and community-minded professionals.
2. Increase the number of authentic (Mitchell, 2008) reciprocal community-campus partnerships designed to strengthen student learning, further support a culture of community engagement within the institution, and work towards systemic community change.
3. Support grant recipients in the implementation of a broad range of community engagement experiences to further their self-identified professional community engagement goals.

The **Strengthening Communities** grant will support projects lasting from two- to nine-months as determined by the Principal Investigator(s). Recipients will have the opportunity to engage in a one-on-one consultation session with Indiana Campus Compact staff during the development and/or implementation of the project.

The recipient will:

1. Develop a community engagement experience ranging from a one-time place-based experience to a short-term on-going activity, or a training/advocacy program designed around student civic development concepts (Benenson, Hemer & Trebil, 2017).
2. Develop a new, or enhance an existing community-campus partnership in a manner that fosters an authentic (Mitchell, 2008) and reciprocal relationship.
3. Incorporate a member or members of the partnering community organization (or individual community members) as a co-facilitator for the experience (Eisenhauer, Marthakis, Jamison, & Mattson, 2011).
4. Meet all agreed upon project deadlines and submit a final report outlining progress toward identified goals and objectives.

Eligibility

The following individuals at Indiana Campus Compact partner institutions are eligible to apply.

- Faculty from any discipline, and of any rank (e.g., pre-tenure, post-tenure, non-tenure, etc.) or employment status (e.g., full-time, part-time, adjunct, continuing lecturer, instructor of practice, etc.)
- Community engagement professional (Dostilio, 2017) (e.g., student affairs staff, academic affairs staff, etc.)
- Undergraduate* or graduate students (full- or part-time) from any discipline
**Undergraduate student applicants are required to have a faculty, community engagement professional, or graduate student co-principal investigator to serve in an institutional administrative support role.*

Project Duration and Funding

Funded projects will last two- to nine-months as determined by the Principal Investigator(s). All projects must be completed by May 31, 2022.

Indiana Campus Compact has funding to award 10 **Strengthening Communities** grants per year, for a total of 30 grants during the three-year funding cycle. Grants will be awarded to faculty, community engagement professionals, and students at partner institutions across Indiana.

- Grant award amounts are up to \$1,200

- Institutions are required to provide a minimum cash match of \$360, or 30% of the grant award amount.

Funding is awarded on a reimbursement basis. Grantees will receive reimbursement upon submission of required reports.

Funding for this program is supported by a grant from Lilly Endowment Inc. to Indiana Campus Compact.
