| Supports the development and implementation of a high-impact community engagement learning practice in both curricular and co-curricular experiences. Activities are to have an intentional emphasis on community-engagement practices—e.g., place, humility, integration, depth, development, reflection, teams, capacity building, impact orientation, evidence, learning, mentors, and sequence. Funded projects will support strong, reciprocal community-campus partnerships that strengthen student learning, and further support a culture of community engagement within the institution. Projects typically last 6 to 12 months. |                                                                 |
