

2022 Community Engagement Professional of the Year Award

This award was created in 2006 to honor professional staff at Indiana Campus Compact partner institutions who demonstrate an ability to effectively cultivate, facilitate, and maintain high-quality partnerships with community organizations and representatives. This award recognizes Community Engagement Professionals' knowledge and ability to conceptually, ethically, and effectively represent the foundations of the field and the breadth of community-engaged work.

We recognize that Community Engagement Professionals (CEPs) are doing the critical work of empowering communities and securing community-based, co-educational environments to strengthen students' confidence, competency and self-efficacy, all while playing integral part of the anchor institution's movement toward creating a culture of engagement across academic and student affairs.
